

Your Students today...Leaders tomorrow through Coaching Techniques

ONLINE TEACHER TRAINING COURSE

Learning Objectives

- Provide coaching techniques that can be used with any material created by teachers or activities published in ELT books which are designed to implement soft skills
- Help teachers to support the students in practising the 21st century skills: Team Building, Critical Thinking and Problem Solving, Effective Communication, Leadership
- Give teachers new tools and new approaches
- Provide a structure for the learning process when dealing with soft skills
- Provide preparation for and follow-up after the sessions
- Guide teachers in conducting tasks to broaden your teaching skills

Course Details

The course includes an online preparatory module and five online training sessions plus 3 to 5 hours of study per week for a total of a maximum of 30 hours.

The course is an asynchronous online course.

A new module is covered each week and the material for that module is provided over the course of the week. You are given tasks to do. The discussion forums are a great opportunity to share ideas and learn from your peers on the course.
